

PRINTOUT

Students send their files from their phone. You print them.

printout-w5pr.onrender.com

TODAY

What slows the counter down

- Students queue up holding a pen drive, waiting for a free machine
- Files come over WhatsApp and get lost among other chats
- You ask every student: how many copies? colour? both sides?
- Mistakes mean reprinting — your paper and your toner
- Everyone arrives at the same time between classes

Printout takes all of that off the counter and puts it on the student's phone.

HOW IT WORKS

Four steps, start to finish

1

Student scans your QR poster

It opens the website on their phone.

2

They add files and choose settings

Copies, colour or B&W, one side or both — per file.

3

The job appears on your screen

Instantly, with everything already decided.

4

You print and they collect

They give their name at the counter.

COUNTER 1 · OPEN 9-8 · DARK

Send your files from here — PDFs, photos, Word documents — then collect the prints at the counter by giving your name. No queue, no pen drive.

FILES

CHOOSE FILES
or drag them here · PDF, photos, Word · 25 MB each

YOUR NAME

PHONE OPTIONAL

₹2 a page black & white · ₹10 a page colour

INSTRUCTIONS FOR THE SHOP (optional)

SEND TO COUNTER

COUNTER 1 · OPEN 9-8 · DARK

SHOW THIS AT THE COUNTER
GAURAV KUMAR

2 FILES

unit-4-notes.pdf 4p · A2 · B&W · both sides · ₹16
diagram.png 1p · A1 · colour · single · ₹10

PAY

₹26

The shop can see your files now. Give this name at the counter and they'll find your job.

Pay ₹26 now and the shop can print before you get there — or skip this and pay cash at the counter.

Scan with any UPI app — the amount is already filled in

The queue

printout-w5pr.onrender.com/shop.html

The screenshot displays the 'PRINTOUT QUEUE' web application. At the top, there's a header with the logo, a 'LIVE' status indicator, a refresh rate of 'REFRESHES EVERY SECOND', and buttons for 'DARK' and 'SIGN OUT'. Below the header, a navigation bar shows the current queue status: 'WAITING 3', 'PREPAID 1', 'PRINTED 0', 'COLLECTED 0', and 'EVERYTHING'. A 'DELETE ALL' button is also present. The main content area lists three orders:

- ROHIT VERMA**: 3 pages to print, ALL COLOUR, 1:25 am. Price: ₹30. Status: ₹30 RECEIVED, NOT FOUND. Action: MARK PRINTED. File: m.png. Settings: 1 page, 3 copies, COLOUR, Single side. Status bar: SAYS PAID ₹30, CHECK YOUR APP, 1:25 AM. Action: DELETE.
- ANANYA RAO**: 4 pages to print, all B&W, 1:25 am. Price: ₹8. Status: MARK PRINTED. File: m.pdf. Settings: 4 pages, 1 copy, B&W, Single side. Status bar: UNPAID, COLLECT AT COUNTER. Action: DELETE.
- GAURAV KUMAR**: 9 pages to print, MIXED INK, 1:25 am, 9876543210. Price: ₹26. Status: MARK PRINTED. File: m.pdf.

- Opens on a computer or your phone
- Needs your password — students cannot see it
- New orders appear on their own, every second
- Nothing to install

Everything you need is on the card

GAURAV KUMAR

The name the student gives at the counter

₹26

What to collect from them

4 pages · 2 copies

How much paper it needs

COLOUR

Print this file in colour — pink label

BOTH SIDES

Print on both sides — blue label

MIXED INK

This order has colour and B&W files together

WHAT YOU PRESS

Three buttons, that is all

MARK PRINTED

Press once you have printed it. The job turns blue and waits for pickup.

COLLECTED

Press when the student has taken their prints and paid.

DELETE

Clears the job and its files. Asks twice. Use it to tidy up finished work.

The tabs at the top — Waiting, Prepaid, Printed, Collected — sort the same jobs.

Who has paid, and who has not

UNPAID

Collect cash when they come. Print when they are standing there.

SAYS PAID — CHECK YOUR APP

The student sent money by UPI. Check Paytm, then press ₹ received.

PAID

Money confirmed. You can print now, even if they come later.

Important: a student can tap “I have paid” without paying. Only press ₹ received after you see the money in your app.

The bill adds itself up

- The website counts the pages inside every PDF
- Price = pages × copies × your rate
- Right now: ₹2 a page black & white, ₹10 a page colour
- Photos count as one page each
- Word files cannot be counted — those say “+ quote”, so you price them by hand
- Rates can be changed whenever you want

4 pages × 2 copies × ₹2

= ₹16

TO START

What you need

- Any phone, tablet or computer with internet
- The queue link, saved as a bookmark
- Your password — keep it to yourself
- The QR poster stuck up at the counter
- Your UPI ID set on the website, so payments reach you

Scan. Send. Collect.

Print the A4 poster and stick it where students queue. That is the only thing they need to see.

IN SHORT

Less asking. Less reprinting.

- No pen drives at the counter
- No asking how many copies, or colour or not
- Students can pay before they arrive, so prints are ready
- You keep a record of every job of the day
- Nothing to install, and nothing to pay for
